

# 14 SUPER DUTY® CHASSIS CAB

## TRUSTED BY THOSE WHO OWN WORK.

Construction. Heavy Hauling. Emergency Vehicles. Agriculture. Forestry. Utility Services. Within these and countless other essential industries, the guys who do the toughest work count on one heavy-duty truck more than any other<sup>1</sup> – Ford Super Duty.<sup>®</sup> Day in. And day out. Built Ford Tough<sup>®</sup> diesel and gas powertrains enable Super Duty Chassis Cab to pump out plenty of torque along with laudable fuel economy. Both gas engines can also be equipped to run on alternative fuels.<sup>2</sup> A class-exclusive<sup>3</sup> live-drive power take-off (PTO) provision<sup>2</sup> on the diesel helps Super Duty handle jobs similarly sized trucks can't even touch. Go further in America's most versatile Chassis Cab – the 2014 F-Series Super Duty.

The V8 diesel<sup>1</sup> generates maximum power quickly thanks in part to the compact, efficient design of its single-stage variable-geometry turbocharger. Mated to a rugged Ford built TorqShift<sup>®</sup> 6-speed SelectShift<sup>®</sup> automatic transmission with low-speed lockup capability (down to 900 rpm) on its torque converter, the diesel helps Super Duty run efficiently at lower rpm.

## POWER STROKE DIESEL DELIVERS.

Designed, engineered and built by Ford, the 6.7L Power Stroke<sup>®</sup> V8 Turbo Diesel<sup>1</sup> features many innovative details that contribute to its durability. Precision dual water jackets that help minimize weight while maximizing the cooling of its aluminum cylinder heads are just one example. This thoroughly modern diesel helps Super Duty<sup>®</sup> offer up to a 24% improvement in fuel economy over its previous generation, while also giving you more torque. We're talking a massive 660 lb.-ft. of torque. This B20-capable engine is also the most tested Power Stroke diesel ever, having proven itself in over 10 million miles of cumulative testing and real-world use under extreme conditions. From 120°F scorching heat to -40°F bone-chilling cold. The 6.7L Power Stroke is Built Ford Tough.<sup>®</sup>

<sup>1</sup>Available feature.

**Best-in-class V8 gas power and torque** is at your disposal in Chassis Cab models equipped with the 6.2L V8 engine – standard on F-350.

**The only V10 gas engine of its kind** available in the class provides more pull for your heavy loads. Mated to a TorqShift® 5-speed automatic transmission, the proven 6.8L V10 is standard on F-450/F-550 XL/XLT.

## GOES BEYOND GAS.

Gasoline. E85. CNG. LPG. And now bi-fuel. Our state-of-the-art 6.2L 2-valve V8 engine gives you plenty of choices when it comes to refueling. Designed, engineered, built and torture-tested by Ford, the 6.2L can be run on your choice of gas, E85 or a blend of the two. You can also choose the CNG/LPG Gaseous Engine Prep Package, which readies your truck to be upfit to run on compressed natural gas (CNG), on liquefied petroleum gas (LPG), or as a bi-fuel vehicle with the ability to seamlessly switch between CNG or LPG and gasoline. Ford trucks upfit to a bi-fuel system include a tank for each type of fuel, offering drivers flexibility and extended range. Our 6.8L V10 engine can also be prepped<sup>2</sup> for an upfit to run on CNG or LPG. For ordering details, see your Ford Dealer. Purchasing a Super Duty® upfit this way may even help you qualify for state incentives related to alternative-fuel use, infrastructure or vehicles. Visit [www.afdc.energy.gov/afdc/laws](http://www.afdc.energy.gov/afdc/laws) for details.

# PROMOTES TOWING CONFIDENCE.

The 2014 Chassis Cab lineup offers a wide range of towing capacities<sup>1</sup> along with plenty of assistance including standard manually telescoping trailer tow mirrors or class-exclusive PowerScope<sup>®</sup> trailer tow mirrors.<sup>2</sup> When the truck is heavily loaded or when towing on grades, you can lock out upper gears using the progressive range select mode on the Ford TorqShift<sup>®</sup> 6-speed SelectShift<sup>®</sup> automatic transmission.<sup>2</sup> On diesel-powered trucks, an enhanced tow/haul mode manages gear selection to help keep the engine in its power band for optimal towing performance. Trailer sway control<sup>3</sup> and hill start assist are both standard on SRW models, while DRW models feature standard driver-selectable engine-only traction control. Plus, our integrated trailer brake controller<sup>2</sup> helps balance the performance of the truck and your electric trailer brakes.<sup>4</sup> It all adds up to a truck you can rely on when there's serious work to be done – Ford Super Duty.<sup>®</sup>

## PERSONALIZES CONTROL.

Voice-activated Ford SYNC<sup>®1</sup> with 911 Assist<sup>®</sup> delivers hands-free calls, Bluetooth<sup>®</sup>-streaming music and more with simple voice commands. Once paired, it can download your contacts and play music from your smartphone, MP3, USB or iPod.<sup>®</sup> Just touch a button on the steering wheel and say things like “Call: Receiving” or “Play playlist: Country.” SYNC with MyFord Touch<sup>®1</sup> adds an 8" color LCD touch screen and closable dash-top storage with a media hub and more inside. You can use voice commands, touch the 8" screen, or use the knobs and buttons below it to operate MyFord Touch. SiriusXM Satellite Radio<sup>2</sup> includes a 6-month trial subscription that brings you over 130 channels including commercial-free music, plus sports, news, talk, comedy and entertainment. Pair it with the voice-activated Navigation System<sup>2</sup> which includes SiriusXM Traffic and Travel Link as part of the trial, and you'll have the ability to look up fuel prices, check local and national weather, and get detailed information on traffic speed, accidents, construction and road closings. It's all just a touch away.

## PERFORMS LIKE NO OTHER.

Thanks to a class-exclusive live-drive power take-off (PTO) provision on the diesel powertrain,<sup>1</sup> Chassis Cab offers capability normally reserved for trucks twice its size. So now fire departments, road crews and many others can get this big-truck capability to previously inaccessible locations. And since the PTO output gear is directly linked to the engine crankshaft, power is available anytime the engine is running – whether the truck is moving or not. Whatever your calling, rest assured Ford offers a Super Duty fit for the job.

**Dual alternators<sup>1</sup>** with a 357-amp rating on the 6.7L Power Stroke® V8 Turbo Diesel supply additional amperage for those accessories and upfits that demand it.

**Fuel tank options** include a 28-gallon midship tank<sup>1</sup> or a dual-tank setup<sup>1</sup> (on diesel-equipped DRWs) that gives you 2 tanks to provide 68 gallons of total fuel capacity.

**Intelligent Oil-Life Monitor<sup>®</sup>** on the diesel engine tracks oil temperature, filter regeneration cycles, engine-idle hours and mileage, then alerts you when it's time to change the oil. For optimum performance and engine life, change your diesel engine oil filter, fuel filter and coolant at regularly scheduled intervals.

**Low-cab design** optimizes the Super Duty Chassis Cab for a wide array of over-cab upfits.

**Open C-channel construction** includes industry-standard 34" frame-rail spacing and straight frame rails behind the cab to accept a broad range of aftermarket bodies.

**Anti-Lock Brake System (ABS)** with 4-wheel power disc brakes is standard. Large rotor swept areas help to provide a confident brake feel.

<sup>1</sup>Certified to SAE J1349. <sup>2</sup>10,000 lbs. GVWR and under. <sup>3</sup>10,001 lbs. GVWR and over. <sup>4</sup>F-350 DRW/F-450/F-550 weights shown are for 141" wheelbase Regular Cab, 162" wheelbase SuperCab or 176" wheelbase Crew Cab models. For 165,"189," 200" and 201" wheelbase models, weights may be somewhat less (usually not more than 200 lbs., or 400 lbs. with 201" wheelbase). <sup>5</sup>Requires optional High-Capacity Trailer Tow Package.

Load rating represents maximum allowable weight of people, cargo and body equipment and is reduced by the weight of optional equipment.

**5th-Wheel Towing Notes:** Trailer weights shown assume 1,000 lbs. second-unit body weight. Be sure combined weight of vehicle and trailer does not exceed listed GCWR. Trailer kingpin weight should be 15-25% of total loaded trailer weight. Make sure that the vehicle payload (reduced by option weight) will accommodate trailer kingpin weight and the weight of passengers and cargo added to the towing vehicle. The addition of trailer kingpin weight, and the weight of passengers and cargo, cannot cause vehicle weights to exceed the rear GAWR (Gross Axle Weight Rating) or GVWR (Gross Vehicle Weight Rating). These ratings can be found on the vehicle's Safety Compliance Certification Label. See your Ford Dealer for conventional trailer weights.

**New Vehicle Limited Warranty.** We want your Ford F-Series Super Duty® Chassis Cab ownership experience to be the best it can be. Under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/60,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. The Ford 6.7L Power Stroke® diesel engine gets 5-year/100,000-mile warranty coverage. Please ask your Ford Dealer for a copy of this limited warranty. □ **Roadside Assistance.** Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle or need towing. Your Ford Dealer can provide complete details on all of these advantages. □ **Business Preferred Network.** Each of the select dealerships in our Business Preferred Network (BPN) is committed to providing quality commercial-oriented products and service, as well as special financing and billing arrangements, to businesses that rely on Ford products. As a BPN customer, your business vehicles receive priority service at your BPN dealership to help get your vehicle back on the road quickly. □ **Financial Services.** Our commercial purchase plans and lines of credit offer attractive rates, negotiable terms and business-friendly options. If you prefer to lease, our CommercialLease<sup>SM</sup> programs offer a wide variety of package options to meet your needs. For additional information, please visit our website at [fordcredit.com/comlend](http://fordcredit.com/comlend). □ **Ford Credit.** Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at [fordcredit.com](http://fordcredit.com). □ **Ford Extended Service Plan.** For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln dealerships.
